Dissertations and Forensics through the year.

There are frequent written translations of Latin and Greek into English, as well as the Exercises of translating English into Latin and Greek by the members of each class; and the members of the Senior class are required frequently to present written analyses of the authors and subjects belonging to this part of the course of studies. Each student is required to present a composition once a month to one of the professors to whom he recites, and there are declamations in the chapel weekly on Friday evening, by the classes in divisions. A Bible recitation is attended by each class on Sabbath evening.

ADMISSION.

Candidates for admission into College or the Grammar School are examined by the Faculty, and placed in the class which they are prepared to enter. Candidates for admission into any particular class must stand an examination on all the course previously pursued by the class. In all cases the candidate is required to present satisfactory testimonials as to his moral character and standing in the institution which he last attended. Examinations for admission commence on Tuesday before the session opens.

The Grammar School is designed chiefly to prepare students to enter the Freshman class. But students desiring to pursue a particular branch of study are permitted to enter this department, or any class in College for which they are found prepared, subject, however, to the direction of the Faculty in the amount of study required, which shall, in all cases, be equal to that of regular students.

RELIGIOUS EXERCISES.

Students are required to attend morning and evening prayers in the chapel, Bible class on the Sabbath, and church in such places as their parents or guardians shall request; or, without such request, in the place appointed by the Faculty.

MONTHLY CIRCULARS.

Each professor keeps a daily record of the attendance and recitations of the members of his classes, and at the end of every month the average standing in scholarship, the number of absences from recitation, chapel and church, together with any improper deportment, requiring particular notice, is transmitted to the parent or guardian of each student in the institution.

EXAMINATIONS.

There are two public examinations of all the classes, one in the middle of the session and another at the close, held before a Committee of the Board of Trustees, and conducted by each professor in his own department. These examinations are either oral or written, or both combined, and are designed to test thoroughly each student's knowledge of the studies of the session. The classes are divided into four divisions or grades, according to the results of the examination. Those in the first grade are announced at Commencement as distinguished. Those in the second grade are sustained and permitted to advance with the class, while those in the third grade cannot advance until they have been sustained on a re-examination.

The Senior class are examined on all the studies of the course four weeks before Commencement.

PUBLIC EXHIBITIONS.

The members of the Senior class deliver original orations in the chapel at the close of the first term, and representatives from each of the Literary Societies, together with the members of the Junior class, on the 22nd of February.

VACATION AND COMMENCEMENT.

Commencement occurs annually on the Thursday following the second Tuesday of June. The vacation follows the annual Commencement and continues until the first Thursday of September.

The Literary Societies hold their anniversary meetings on the day before Commencement, and public addresses are delivered before them by literary gentlemen appointed for the occasion.

Every student is expected to enter punctually on the first day of the session, or present to the Faculty satisfactory reasons for absence. Parents and guardians cannot be too careful in seeing that this rule is observed, for the loss of a few days at the beginning of a session is almost invariably followed by a loss of grade in class, and always subjects the students to hurried and embarrassed study. Parents and guardians are also earnestly requested not to permit their sons or wards to be absent, if possible, during the College term.

EXPENSES.

Room rent for the year, 12	00

The incidental expenses will depend upon the habits of the student and the allowance from home. There is no more fruitful source of injury to the student than too large a supply of pocket-money.

ANNUAL CATALOGUE.

By an act of the Board of Trustees, wounded soldiers of the late Confederate armies, are admitted free of tuition.

HALLS AND LIBRARIES.

The halls of the Literary Societies are fitted up with great taste and neatness, and the libraries, containing about 3,500 volumes each, have been selected with care, and are constantly increasing by additions from the choicest productions of the modern press.

LOCATION, REMARKS, &c.

Hampden Sidney College is situated in Prince Edward county, two miles from the Court-house, and seven miles from the town of Farm-ville, both of which places are easily accessible from every quarter. The locality is proverbially one of the most healthy in Virginia. The College is surrounded by a community distinguished for intelligence, morality and piety, in the families of which students may enjoy all the social advantages consistent with a life of study. Its quiet locality in the country, removed from the bustle of life, and from temptations to idleness and vice, incident to a town or city neighborhood, associated with the above-named advantages, renders this College one of the most desirable retreats to every student who aims to secure the thorough culture of his mind and heart, and the formation of correct habits.
